Explanatory Notes

1. Touch-and-Go/Circuit/Go Around

In any circuit training detail, the final landing, touch-and-go/Circuit/go-around will be charged at the full landing fee. Go arounds initiated by ATC for reasons of safety or expedition, are not charged

2. Go Around

Go arounds initiated by ATC for reasons of safety or expedition, are not charged.

3. Instrument approaches

Instrument approach fees are charged for all training instrument approaches, whether pre-booked or not. Non-training instrument approaches by aircraft <2500kg are not charged when the weather conditions are worse than visibility 5000m or the cloud base less than 1000ft. Commercial aircraft >2500kg are exempt from the charge.

4. Handling

Only one handling fee will be charged per turnaround within the same day. Handling is optional for all Commercial Air Transport movements.

4. Parking

Parking is free in published opening hours. Annual parking contracts benefit from 50% reduction in landing fees. (touch-and-go/circuit fees not included).

5. Hangarage

Monthly contracts are payable in advance. Location is decided by the Airport Authority, according to usage and type of aircraft. Preference is given to long term contracts. Annual hangarage contracts benefit from 50% reduction in landing fees (touch-and-go/circuit fees not included).

6. Towing

Fees are only charged when towing is requested by the Operator, not when the Airport Authority relocates aircraft for its own reasons. Based aircraft will be towed out of their hangar, and towed in, after flying, free of charge. Thereafter, addition tows will attract a fee of £20.

7. Strasser Scheme

The Airport does not participate in the 'Strasser Scheme' and accordingly landing fees will not be waived for weather diversions. Emergency diversions prefixed with a Mayday or Pan call may be granted a free landing at the Airport Authority's discretion.
